

Power Conditioning Transformers:

Paige Electric is proud to feature the line of SOLA Power Conditioning/Voltage Regulating Transformers as follows:

- Regulates voltage, provides surge suppression and isolation
- Acts as a step-up and step-down transformer
- Offers the ultimate protection against voltage sags and brownouts. Output remains within $\pm 3\%$ for input voltages varying $+10\%$ to -20%
- UL listed and CSA certified

Paige Part No.	SOLA Part No.	Voltage		Output Capacity (Volt-Amperes)
		Output	Input	
250000	63-23-112-4	120	120, 208, 240	120
250010	63-23-125-4	120	120, 208, 240	250
250020	63-23-150-8	120, 208, 240	120, 208, 240	500
250030	63-23-175-8	120, 208, 240	120, 208, 240	750
250040	63-23-210-8	120, 208, 240	120, 208, 240	1000
250050	63-23-215-8	120, 208, 240	120, 208, 240	1500
250060	63-23-220-8	120, 208, 240	120, 208, 240	2000
250070	63-23-230-8	120, 208, 240	120, 208, 240	3000
250080	63-23-250-8	120, 208, 240	120, 208, 240	5000
